Dear Sam,

You and Diane did a great job on our new website at www.classicracingjackets.com. You worked closely with us and provided a timely service. Our website is marketed on Yahoo, Google, and AOL and prior to the updated website we were receiving a couple of hundred hits a month. Last month, since the web site was launched, we received over 1,000 hits and Internet sales have increased.

You have our recommendation for anyone in our situation who needs advice on marketing and development of a website at a very reasonable cost.

Sincerely,

John Kline
